A: Create a view with arguments project and user. Then, attach a different view to that, and in the second view attach a picture. Make sure you give the picture view a contextual filter that lets you find the project and user and passes them through to the view. to's actions and those of his coconspirators. The defendant also argues that the District Court erred in adding a two-level enhancement to his sentence for possession of a firearm during the commission of a crime. As we have already explained, Officer Lazar was clearly lying when he testified at trial that the defendant didn't have a gun in his possession; instead, the testimony, and the surveillance footage, demonstrate that the defendant had a gun in his possession in the store. Despite that lie by the officer, and the fact that the defendant used the pistol to attempt to shoot at an unarmed police officer, the District Court still determined that the application of an enhancement for possession of a firearm during the commission of a crime was appropriate. After reviewing the record and considering the defendant's arguments, we conclude that that decision was not an abuse of discretion. IV. The judgment of the District Court is affirmed. 8 Time-reversal asymmetry of anisotropic elasticity.
